Index

SUBJECTS

Acantholytic dyskeratotic epidermal naevus, 207
Acne agminata disseminated (Case Report) Suppl. 19, 76
Acne and 13-cis-retinoic acid (Summary) Suppl. 19, 20
Acne and topical erythromycin (Summary) Suppl. 19, 19
Acne excoriée: a protective device (Summary) Suppl. 19, 29
Acrokerato-elastoidis: mother and two daughters (Case Report) Suppl. 19, 101
Acute febrile neutrophilic dermatosis treated with colchicine (Correspondence), 483
10-Acyl analogues of anthralin, irritation, staining and activity, Suppl. 20, 23
10-Acyl analogues of anthralin, irritation, staining and activity, Suppl. 20, 51
Adenylate cyclase system, effect of hydrocortisone, 257
Adult Still's disease, a reappraisal (Summary) Suppl. 19, 27
Age and dermal elastic fibres, 57
Agriculture skin hazards, Suppl. 21, 45
Air, warm dry, and occupational dermatoses, Suppl. 21, 29
Albinism, oculocutaneous (Case Report) Suppl. 19, 52
Allergic and toxic contact dermatitis, cell subtypes, 521
Alopecia areata and auto-immunity, 153
Alopecia areata, lymphocyte reactivity and auto-immunity, 145
Alopecia areata treated by DNCB, 285
Alopecia totalis and zinc sulphate (Correspondence), 485
Alopecia universalis, hypothyroidism, Addison's disease and vitiligo (Case Report), Suppl. 19, 89
Amyloid P-component in cutaneous amyloidosis (Summary), 340
Amyloidosis, systemic, an unusual presentation, 469
Anaphylactic IgG antibodies, clinical relevance, 223
Androgen metabolism in rat skin (Summary), 355
Angio-oedema in cholinergic urticaria, 543
Anthralin and coal tar on aryl hydrocarbon hydroxylase, Suppl. 10, 71
Anthralin and its acetyl esters, Suppl. 20, 12
Anthralin and its 10-acyl analogues, Suppl. 20, 23
Anthralin and its 10-acyl analogues, Suppl. 20, 51
Anthralin and mouse skin tumour promotion, Suppl. 20, 68
Anthralin and psoriasis assessed, Suppl. 20, 96
Anthralin and related compounds as titanium complexes, Suppl. 20, 53
Anthralin and skin permeability, Suppl. 20, 104
Anthralin and stratum corneum antigenicity, Suppl. 20, 62
Anthralin and [^{3}H] thymidine incorporation in fibroblasts, Suppl. 20, 45
Anthralin and UV-B on skin thermography, Suppl. 20, 92
Anthralin auto-oxidation, Suppl. 20, 52
Anthralin: chemical instability and G6PDH inhibition, Suppl. 20, 15
Anthralin content in commercial ointments, Suppl. 20, 57
Anthralin cytotoxicity, Suppl. 20, 43
Anthralin determined by fluorescence, Suppl. 20, 54
Anthralin effect on fibroblasts by calorimetry and manometry, Suppl. 20, 60
Anthralin effect on psoriatic keratinocytes, Suppl. 20, 55
Anthralin, effect on yeast cells, Suppl. 20, 39
Anthralin erythema, Suppl. 20, 87
Anthralin erythema, pharmacological studies, Suppl. 20, 82
Anthralin formulations and new vehicles, Suppl. 20, 35
Anthralin inflammatory response and aryl hydrocarbon hydroxylase, Suppl. 20, 64
Anthralin or danthron and DNA, Suppl. 20, 49
Anthralin oxidation products, Suppl. 20, 59
Anthralin, past, present and future, Suppl. 20, 111
Anthralin penetration studies, Suppl. 20, 101
Anthralin, pharmaceutical formulations, Suppl. 20, 28
Anthralin, physico-chemical properties and stability, Suppl. 20, 20
Anthralin—the challenge, Suppl. 20, 3
Anthralin toxicology and pharmacology, Suppl. 20, 72
Anthrones and their specificity in psoriasis, Suppl. 20, 6
Antifibroblast monoclonal antibody in keratinocyte culture, 273
Anti-gliadin antibodies in dermatitis herpetiformis, 653
Antipsoriatic anthrones and their structure specificity, Suppl. 20, 6
Aquagenic urticaria, 297
Arachidonic acid and prostaglandins following UV-B (Summary), 353
Arthus reaction suppressed by colchicine, 279
Aryl hydrocarbon hydroxylase and inflammatory response to anthralin, Suppl. 20, 64
Aryl hydrocarbon hydroxylase, effect of anthralin and coal tar, Suppl. 20, 71
Asthma and eczema (Case Report), Suppl. 19, 46
Amyloid P in normal skin and cutaneous amyloidosis, 115
Amyloidosis of the skin and amyloid P, 115
Atopic dermatitis with orf, 103
Atrophogenic effect of crude coal tar on skin, 77
Auto-immunity and alopecia areata, 153
Azathioprine in persistent erythema multiforme, 465

Balanitis circumscripta plasmacellularis, 195
Balanitis circumscriptum plasmacellularis (Zoon) (Summary), Suppl. 19, 28
Basal carcinomatous changes on lower leg and venous stasis (Summary), Suppl. 19, 9
Bart's syndrome (Case Report), Suppl. 19, 94

Basal cell carcinoma, skin flaps for (Case Report), Suppl. 19, 82
Basal cell naevus syndrome (Case Report), Suppl. 19, 91
Betamethasone 17-valerate and desoximetasone effect on pituitary-adrenal axis, 91
Biliary cirrhosis pruritus relieved by hydroxyethylrutosides, 457
Biochemistry. Anthralin and its acetyl esters, Suppl. 20, 12
Biochemistry. Anthralin: chemical instability and G6PDH inhibition, Suppl. 20, 15
Biochemistry. Enhanced monocyte and neutrophil cytotoxicity in severe psoriasis, 405
Biochemistry. Proteoglycan in lichen myxoedematosus, 239
Blistering in childhood, speckled hyperpigmentation and palmo-plantar keratoses, 579
Book reviews:
A Colour Atlas of Nutritional Disorders. Donald S.McLaren, 235
Clinical Trials. Daniel Schwartz, Robert Flamant and Joseph Lelough, 486
Cutaneous Aspects of Internal Disease. Edited by Jeffrey P.Callen, 234
Das Basaliom. Edited by F.Eichmann and U.W. Schnyder, 613
Dermatological Nursing and Therapy. R.H.Seville and E.Martin, 363
Dermatologie. R.Degos, 613
Epidermal Keratinocyte Differentiation and Fibrillogenesis. Frontiers of Matrix Biology, Vol. 9. Edited by M.Pruniéras, 361
Photochemical and Photobiological Reviews, Volume 6. Edited by K.C.Smith, 360
Oral Manifestations of Systemic Disease. Edited by J.Harold Jones and David K.Mason, 233
Oral Premalignancy (Proceedings of the First Dows Symposium). Edited by Ian C.Mackenzie, Erik Dabelsteen and Christopher A.Squier, 233
Recent Advances in Sexually Transmitted Diseases 2. Edited by J.R.W.Harris, 486
The Management and Prevention of Pressure Sores. Anthony Barton and Mary Barton, 612
Zinc and Copper in Medicine. Edited by Z.A.Karcioğlu and R.M.Sarper, 612
The Skin of Vertebrates. Edited by R.I.C.Spearman and P.A.Riley, 362
Woods Injurious to Human Health. Björn M.Hausen, 234
Bowen's disease in keratinous cysts, 105
Brittle nails and dry eyes, treatment (Correspondence), 113
Bullae after steroid withdrawal in systemic LE, 603
Bullous pemphigoid, mucosal involvement and malignancy, 65
Bushke's scleredema (Case Report), Suppl. 19, 45

C3, IgA, fibrin and fibronectin in dermatitis herpetiformis, 167
Candida albicans as a cause of perioral pustular eruption, 327
Candida albicans in napkin dermatitis, 551
Candidiasis, erosive of the scalp with hair regrowth, 595
Carcinogenesis, industrial, Suppl. 21, 57
Carcinoma, squamous, establishment of cell line, 125
Catering industry and caterers, Suppl. 21, 37
Cell mediated immunity inhibited by PUVA (Summary), 352
Cement dermatitis and chromium valencies, Suppl. 21, 7
Cell line of human squamous carcinoma, 125
Cerebriform intradermal naevus (Case Report), Suppl. 19, 54
Chloracne due to tetrachloro-2,3,7,8-p-dibenzodioxin, 137
Chloride flux through hydrated skin, 39
Cholinergic urticaria with angio-oedema and systemic symptoms (Summary), Suppl. 19, 24
Cholinergic urticaria with associated angio-oedema, 543
Chromium valencies and cement dermatitis, Suppl. 21, 7
Chromosome and genome mutations in porphyria cutanea tarda, 133
C1q and rheumatoid factor in dermatitis herpetiformis, 159
13-cis-retinoic acid and acne (Summary), Suppl. 19, 20
Coal tar and anthralin on aryl hydrocarbon hydroxylase, Suppl. 20, 71
Coal tar, effect on skin, 77
Cobalt salts and photocontact dermatitis (Summary), Suppl. 19, 17
Colchicine for Sweet's syndrome (Correspondence), 483
Colchicine to suppress Arthrus reaction, 279
Contact dermatitis, inflammatory cell subtypes, 521
Contact hypersensitivity impaired in psoriasis and effects of photochemotherapy (Summary), 354
Contact hypersensitivity in treated and untreated psoriasis, 503
Contact photodermatitis, Suppl. 21, 23
Contact sensitization to nitrogen mustard delayed by UVL, 71
Corneocyte formation rate in psoriasis, 391
Corneocyte size and topical treatments (Summary), 350
Cowden's syndrome (Case Report), Suppl. 19, 57
Crohn's disease, epidermolysis bullosa acquisita and pyoderma gangrenosum (Case Report), Suppl. 19, 52
Cryoglobulinaemia, essential monoclonal (Case Report), Suppl. 19, 81
Culture of keratinocytes, 273
Cultures of vibrissa dermal papilla cells, 623
Cutaneous vasculitis, immune complexes (Summary), 341
Cyclic nucleotide levels in severe psoriasis, 405
Cyproterone acetate and hirsute females, 685

Degos disease (Case report), Suppl. 19, 37
D-Penicillamine in the treatment of keloids, 87
Dermabrasion for pigmented naevi (Case Report), Suppl. 19, 64
Dermal thickness measured by ultrasound (Summary), Suppl. 19, 25
Dermatitis, allergic and toxic, cell subtypes, 521
Dermatitis artefacta and multiple personality, 587
Dermatitis from cement and chromium valencies, Suppl. 21, 7

Dermatitis from epoxy systems, Suppl. 21, 63
Dermatitis from nickel, food and hip protheses, 437
Dermatitis herpetiformis and anti-gliadin antibodies, 653
Dermatitis herpetiformis and gluten free diet (Summary), Suppl. 19, 12
Dermatitis herpetiformis and linear and papillary IgA (Summary), Suppl. 19, 14
Dermatitis herpetiformis differentiation from leycocytoclastic vasculitis (Summary), Suppl. 19, 13
Dermatitis herpetiformis, immune complex detection, 159
Dermatitis herpetiformis, inflammatory cells, IgA, C3, fibrin and fibronectin, 167
Dermatitis herpetiformis treated with disodium cromoglycate, 83
Dermatitis in industry, prognosis, Suppl. 21, 65
Dermatoses, occupational, from warm dry air, Suppl. 21, 29
Dermatitis, occupational in caterers, Suppl. 21, 37
Dermatitis prevention, Suppl. 21, 85
Dermatological consultation analysed (Summary), Suppl. 19, 29
Dermatological games, 311
Dermatology, occupational, unsolved problems, Suppl. 21, 3
Dermatology services in England and Wales over the last 20 years (Summary), Suppl. 19, 21
Dermographism, a review (Summary), Suppl. 19, 23
Desoximetasone and betamethasone effect on pituitary-adrenal axis, 91
Dexamethasone receptors in epidermis (Summary), 337
Diagnosis of T cell lymphomas (Summary), 340
Diaper dermatitis and gastrointestinal *Candida*, 551
Dietary influence on 8-MOP levels, 569
Dioxin and lipids in chloracne due to tetrachloro-2,3,7,8-p-dibenzodioxin, 137
Direct immunofluorescence in oral pemphigus, 645
Disodium cromoglycate in dermatitis herpetiformis, 83
Disodium cromoglycate in urticaria pigmentosa, 563
DNA synthesis, effect of glucocorticosteroids, 517
DNA synthesis, the influence of topical and intravenous administration (Summary), 356
DNA synthesis, unscheduled, after UV-A, UV-B and PUVA, 491
DNCB in the treatment of alopecia areata, 285
DNA and anthralin, Suppl. 20, 49
Dyskeratosis congenita, 321
Dysplastic naevus syndrome and malignant melanoma (Summary), Suppl. 19, 10

Ectodermal dysplasia, a new syndrome, 371
Eczema, asthma, urticaria, contact urticaria, hayfever, vernal conjunctivitis, cornaela ulceration and steroid dwarfism (Case Report), Suppl. 19, 46
Eczematous skin and herpes simplex virus, 475
Elastic fibres and age, 57
Elastolysis perifollicular (Summary), Suppl. 19, 20
Elephantiasis nostras verrucosa and fibroepithelioma of Pinkus (Case Report), Suppl. 19, 55
Employment Medical Advisory Service, Suppl. 21, 79
Endorphins, pain and itch, 725
Enzymes. Effect of hydrocortisone on cyclic AMP, 257
Enzymes. 17β-Hydroxysteroid dehydrogenase activity in skin tissues, 693
Enzymes. Reduction of polyamine levels in psoriatic skin, 267
Enzymes. Steroid sulphatase activity in various types of ichthyosis, 291
Epidermal changes in histamine weals and cold urticaria (Summary), 348
Epidermal hydrocortisone action studies, 383
Epidermal ornithine decarboxylase activity following UV-A, 247
Epidermal T cell interactions (Title), Suppl. 19, 10
Epidermis. Biosynthesis of prekeratin (Summary), 345
Epidermis. Diffusion of oxygen through the mouse ear, 45
Epidermis, fibrinolytic activity, 679
Epidermis, selective culture of keratinocytes, 273
Epidermis. Transepidermal chloride flux through hydrated skin, 39
Epidermolysis bullosa acquisita and Crohn's disease (Case Report), Sup. 19, 52
Epidermolysis bullosa dystrophica (Case Report), Suppl. 19, 73
Epidermolysis bullosa dystrophica (Case Report), Suppl. 19, 94
Epiloia (Case Report), Suppl. 19, 42
Epoxy dermatitis from the non-working environment, Suppl. 21, 63
Erythema elevatum diutinum with IgA paraproteinaemia (Case Report), Suppl. 19, 41
Erythema multiforme treated with azathioprine, 465
Erythema of anthralin, Suppl. 20, 87
Erythema of anthralin, pharmacology, Suppl. 20, 82
Erythromycin topically in acne (Summary), Suppl. 19, 19
Etiocholanolone fever with urticaria, 109
Evidence, medical, in court, Suppl. 21, 91

Familial mandibuloacral dysplasia, 719
Familial vasculitis (Case Report), Suppl. 19, 69
Farming skin hazards, Suppl. 21, 45
Fibrin, fibronectin, IgA and C3 in dermatitis herpetiformis, 167
Fibrinolytic activity of human oral epithelium and epidermis, 679
Fibroblasts of psoriatic skin (Summary), 352
Fibroepithelioma of Pinkus and elephantiasis nostras verrucosa (Case Report), Suppl. 19, 55
Fibromatosis, juvenile hyaline (Case Report), Suppl. 19, 61
Follicular mucinosis, atypical, and mepacrine (Case Report), Suppl. 19, 83
Fractures of femoral neck in Melkersson-Rosenthal syndrome (Case Report), Suppl. 19, 42

Games, dermatological, 311
Genodermatoses. Dyskeratosis congenita, 321
Genodermatoses. Familial mandibuloacral dysplasia, 719
Genodermatoses. Japanese xeroderma pigmentosum variant, 1
Genodermatoses. Monilethrix: an electron microscopic and electron histochemical study, 529
Genodermatoses. X-linked recessive ichthyosis in three sisters, 711

Genome and chromosome mutations in porphyria cutanea tarda, 133
Glucocorticosteroids effect on DNA synthesis, 517
Gluten free diet in dermatitis herpetiformis (Summary), Suppl. 19, 12
Granuloma annulare and necrobiosis lipoidica, serum $\alpha_2$globulin levels, 557
Griseofulvin and tetracycline in mycosis fungoides (Correspondence), 483

Hair diameter, influence of psoriasis (Summary), 349
Hair diameter studies and cuticular scale size (Summary), 347
Halogenation and topical steroids (Correspondence), 484
Hand dermatitis and nickel, 437
Herpes gestationis and toxic erythema of pregnancy (Summary), Suppl. 19, 22
Herpes simplex, fatal with thymoma and hypogammaglobulinaemia, 471
Herpes simplex virus and eczematous skin, 475
Hexachlorobenzene intoxication 20 years later (Summary), Suppl. 19, 15
Hip protheses and nickel dermatitis, 437
Hirsutism, effect of cyproterone acetate, 685
Histamine weals and epidermis (Summary), 348
Histiocytoma, malignant fibrous in vaccination scar, 215
Histiocytosis X (Case Report), Suppl. 19, 48
Histiocytosis X—an immune deficiency disease?, 13
Hyaline fibromatosis, juvenile (Case Report), Suppl. 19, 61
Hydrocortisone action in human skin studied histometrically and autoradiographically, 383
Hydrocortisone effect on the adenylate cyclase system, 257
Hydroxyethylrutosides to relieve pruritus of primary biliary cirrhosis, 457
17β-hydroxysteroid dehydrogenase activity in skin tissues, 693
Hypercholesterolaemia, homozygous familial treated with plasmapheresis (Case Report), Suppl. 19, 88
Hyperpigmentation, palmo-plantar keratoses and childhood blistering, 579
Hypersensitivity of the skin delayed by PUVA, 641
Hypogammaglobulinaemia and fatal herpes simplex, 471
Hypohidrotic ectodermal dysplasia with hypotrichosis (Case Report), Suppl. 19, 68
Hypothyroidism and Melkersson-Rosenthal syndrome (Case Report), Suppl. 19, 42
Hypotrichosis and hypohidrotic ectodermal dysplasia (Case Report), Suppl. 19, 68
Hypotrichosis, Marie Unna type (Case Report), Suppl. 19, 70

Ichthyosis, steroid sulphatase activity, 291
Ichthyosis, X-linked recessive in three sisters, 711
IgA, C3, fibrin and fibronectin in dermatitis herpetiformis, 167
IgA deposits in dermatitis herpetiformis (Summary), Suppl. 19, 14
IgG antibodies, clinical relevance, 223
Immune complex detection with C1q and monoclonal rheumatoid factor in dermatitis herpetiformis, 159
Immune complexes in systemic sclerosis and Raynaud's phenomenon, 179
Immunocytochemical evaluation of skin metastases (Summary), Suppl. 19, 9
Immunofluorescence. Amyloid P in normal skin and cutaneous amyloidosis, 115
Immunofluorescence in bullous pemphigoid, mucosal involvement and concurrent malignancy, 65
Immunofluorescence in oral pemphigus, 645
Immunology. Clinical relevance of IgG antibodies, 223
Immunology. Histiocytosis X—an immune deficiency disease?, 13
Immunology. Host-parasite relationship in Norwegian scabies, 667
Immunology. Lymphocyte reactivity and auto-immunity in alopecia areata, 145
Immunology. Pr antigens in the skin, 25
Industrial carcinogenesis, Suppl. 21, 57
Industrial dermatitis, prognosis, Suppl. 21, 65
Industrial skin clinic, Suppl. 21, 73
Ingram method in treatment of psoriasis, Suppl. 20, 77
Itch, pain and endorphins, 725

Japanese xeroderma pigmentosum variant, 1
Jejuno-ileal bypass, the effect on the skin, 425
Juvenile hyaline fibromatosis (Case Report), Suppl. 19, 61
Juvenile melanomata and congenital speckled naevus (Case Report), Suppl. 19, 76
Juvenile xanthogranuloma with subdural effusions, 97

Keratin and prekeratin in psoriasis (Summary), 346
Keratinocyte subpopulations and polypeptide chain composition (Summary), 353
Keratinocytes, plasma membrane and glycoconjugates, 509
Keratinocytes, selective culture, 273
Keratinous cysts with occult Bowen's disease, 105
Keratosis follicularis. Darier's disease or an epidermal naevus?, 207

Langerhans cell reactivity with monoclonal anti-thymocyte antibody (Summary), Suppl. 19, 11
Langerhans cells and mycosis fungoides (Summary), Suppl. 19, 11
Langerhans cells and T cell subsets in lichen planus, 617
Langerhans cells disappearing with PUVA, 219
Leucocytoclastic vasculitis and dermatitis herpetiformis (Summary), Suppl. 19, 13
Lichen myxoedematosus and circumscribed myxoedema, 239
Lichen planus, T cell subsets and Langerhans cells, 617
Lichen sclerosus et atrophicus, hypertrophic (Case Report), Suppl. 19, 90
Linear varrucous naevus (Case Report), Suppl. 19, 78
Lipoatrophy, semicircular, 591
Lipogranuloma, sclerosing, of the male genitalia, 451
Lupus erythematosus with plantar atrophy (Case Report), Suppl. 19, 66
Lupus pernio with involvement of nasal bones (Case Report), Suppl. 19, 35

Lymphangioma circumscriptum (Case Report), Suppl. 19, 87
Lymphocyte reactivity decreased in alopecia areata, 145

Macrophotography and scanning densitometry to evaluate skin surface (Summary), Suppl. 19, 22
Maffucci's syndrome, 331
Malignant and premalignant lesions, loss of β microglobulin (Summary), 343
Malignant fibrous histiocytoma in vaccination scar, 215
Malignant melanomata and melanocytic naevi, the association, 607
Malignant papulosis (Case Report), Suppl. 19, 37
Mandibuloacral dysplasia, 719
Marie Unna type hypotrichosis (Case Report), Suppl. 19, 70
Mastocytosis diffuse (Case Report), Suppl. 19, 84
Mastocytosis, systemic (Case Report), Suppl. 19, 38
Medical evidence in court, Suppl. 21, 91
Medico-legal aspects of dermatitis, Suppl. 21, 85
Melanocytic naevi and malignant melanomata, the association, 607
Melanoma malignant and dysplastic naevus syndrome (Summary), Suppl. 19, 10
Melanomata juvenile and speckled naevus (Case Report), Suppl. 19, 76
Melkersson-Rosenthal syndrome with hypothyroidism, pulmonary angiitis and granulomatosis and femoral neck fractures (Case Report), Suppl. 19, 42
Metastases in skin, immunocytochemical evaluation (Summary), Suppl. 19, 9
5-Methoxypsoralen serum and urine concentrations, 415
8-Methoxypsoralen pharmokinetics with PUVA (Summary), 344
8-Methoxypsoralen plasma levels, effect of diet, 569
Mining skin hazards, Suppl. 21, 41
Moles, which matter?, 607
Monilethrix: electron microscopic and electron histochemical study, 529
Monilethrix, the pathogenesis of (Summary), 338
Monoclonal cryoglobulinaemia (Case Report), Suppl. 19, 81
Morphoea bullous (Case Report), Suppl. 19, 86
MPF potentiates MSH-induced melanogenesis (Summary), 345
MSH-induced melanogenesis potentiated by melanotrophin potentiating factor (MPF) (Summary), 345
Mucinosis, atypical follicular and mepacrine (Case Report), Suppl. 19, 83
Mycosis fungoides and Langerhans cells (Summary), Suppl. 19, 11
Mycosis fungoides, categorization of T lymphocyte subsets (Summary), Suppl. 19, 12
Mycosis fungoides responding to tetracycline and griseofulvin (Correspondence), 483
Myxoedema of lichen myxoedematosus, 239

Naevus cerebriform intradermal (Case Report), Suppl. 19, 54
Naevus, inflammatory linear verrucous (Case Report), Suppl. 19, 78
Naevus, speckled and juvenile melanomata (Case Report), Suppl. 19, 76
Nails brittle and dry eyes, treatment (Correspondence), 113
Nail dystrophy due to sarcoidosis, 599
Napkin dermatitis and gastrointestinal *Candida*, 551
Necrobiosis lipoidica and granuloma annulare, serum α_2 globulin levels, 557
Neoplasia of skin and PUVA (Case Report), Suppl. 19, 65
Neurofibromatosis with elephantiasis neuromatosa (Case Report), Suppl. 19, 44
Neutron activation analysis of trace elements. Rubidium, 445
Nickel and hip protheses in hand dermatitis, 437
Nitrogen mustard sensitization delayed by UVL, 71
Norwegian scabies, host-parasite relationship, 667
Norwegian scabies, host-parasite relationships (Summary), 342

Occupational dermatology, unsolved problems, Suppl. 21, 3
Occupational dermatitis in the catering industry, Suppl. 21, 37
Occupational dermatoses from warm dry air, Suppl. 21, 29
Occupational vitiligo, Suppl. 21, 51
Oculocutaneous albinism (Case Report), Suppl. 19, 52
Oculocutaneous albinism and sarcoid (Case Report), Suppl. 19, 97
Oculocutaneous albinism (tyrosinase positive) (Case Positive), Suppl. 19, 97
Oils, soluble coolant, engineering and chemical aspects, Suppl. 21, 11
Oral pemphigus, direct immunofluorescence, 645
Orf and atopic dermatitis, 103
Ornithine decarboxylase activity in skin following UV-A, 247
Osteo-ectodermal dysplasia (Case Report), Suppl. 19, 63
Oxygen diffusion through the mouse ear, 45

P substance and vasodilatation (Summary), 354
Pachyonychia congenita (Summary), Suppl. 19, 21
Pain, itch and endorphins, 725
Palmo-plantar keratoses, speckled hyperpigmentation and childhood blisters, 579
Pancreatic exocrine function in systemic sclerosis, 189
Patch test, effect of Trafuril and aspirin (Summary), Suppl. 19, 18
Pemphigoid bullous, mucosal involvement and concurrent malignancy, 65
Pemphigus, oral, direct immunofluorescence, 645
Penicillamine in the treatment of keloids, 87
Perifollicular elastolysis (Summary), Suppl. 19, 20
Perioral pustular eruption caused by *Candida albicans*, 327
Permeability of rat skin to water (Summary), 351
Permeability of skin and anthralin, Suppl. 20, 104
Pharmacology and toxicology of anthralin, Suppl. 20, 72
Photobiological characteristics of Japanese xeroderma pigmentosum variant, 1
Photochemotherapy, effect on serum 25-OH vitamin D (Summary), 339

Photochemotherapy's precursor, the Ingram method, Suppl. 20, 77
Photochemotherapy, serum 25-OH vitamin D, 421
Photocontact dermatitis and cobalt salts (Summary), Suppl. 19, 17
Photodermatitis, contact, Suppl. 21, 23
Photosensitizing potential of chemicals, 365
Phototoxicity by photosensitization of *Trichophyton mentagrophytes*, 365
Phototoxicity due to chemicals (Summary), Suppl. 19, 18
Pigmented naevi in neonate treated by dermabrasion (Case Report), Suppl. 19, 64
Pili annulati: electron histochemical studies, 303
Pituitary-adrenal axis, effect of desoximetasone and betamethasone, 91
Pityriasis rubra pilaris with relapses (Case Report), Suppl. 19, 59
Plasma membrane of normal and psoriatic keratinocytes, glycoconjugates, 509
Polyamine concentration in psoriatic skin with anthralin and difluoromethylornithine, Suppl. 20, 33
Polyamine levels reduced in psoriasis by retinoid and PUVA, 267
Polyarteritis nodosa, varying spectrum in skin (Summary), Suppl. 19, 26
Porphyria cutanea tarda and genome and chromosome mutations, 133
Porphyria turcica twenty years later (Summary), Suppl. 19, 15
Porokeratosis of Mibelli (Case Report), Suppl. 19, 47
Poster demonstration, Suppl. 19, 31
Pr antigens in the skin, 25
Pregnancy erythema and herpes gestationis (Summary), Suppl. 19, 22
Prekeratin and keratin of psoriasis (Summary), 346
Prekeratin biosynthesis (Summary), 345
Prognosis in industrial dermatitis, Suppl. 21, 65
Prostaglandins and arachidonic acid levels following UV-B (Summary), 353
